

June 1977

what intrinsic refer to Baheliani - they call themselves huss?

- 1) language - huss.
- 2) territory - - included Armenians, Georgian
- 3) ec. & ad. adm. - partition, agric.

Baheliani are nomads & agric. - peasants. ^{huss.}

a) Polit. org. : many chief persons in which Arab, Turk, Azeri. After absorbed into B. polity.

1) cultural difference : no. peasants - check Bahel down identically. is affixed to. Not shared (hand - you??) identity markers. huss. is this. - down

2) appearance b) mistakes. Yet can tell them apart?

Suba Haridas.

One feature which differentiates the 2 groups is in the inclusion, separation of women?

Boundaries are fuzzy?

Male identity involved with public, habits. in w/thing. Female " " domestic. - no w/thing when

- non-imp'd & oriented toward to body. Female self oriented to & identified with body - undifferentiated.

(NB)

offered. - discrete then use at level of most inclusion - is it not inclusion level of scale. (more mode of identity function & exposure to men)

Primary context of identity for F is her body, domestic space. private, minimally differentiated. Her identity

Primary context of identity for M. is society, public domain of differentiation, shifting boundaries, multiple modes of identification.

Thus F are apt 'disigned' multiplex to source of M's control. F enjoys continuity, tradition, is primarily subject. M " discontinuity, change, " " object. M is sub'd. to psychic split much more than female.

2. Male is more subject to chance, power shifts, will lack it.
the woman. - less controlled by body inadequacies?

Female's early social, public identity is determined by her
mother. - her preoccupations then with her body. -
happiness, femininity, beauty all become crucial issues
for her early sense of personal identity. - is this so.
Magical activities mixed to her body by success.

For man. - maximum flexibility, mobility, activity necessary

Focus of my growing in life.

Both in their diff. modes demand active work of
identity function. - creation (constant process)

2. Male business : active display - status oriented, aggressive
participation of women - status oriented, control, & repression
[status is crucial - fixed. - status is flexible - you
accumulate, lose.]

women take freedom of choice regarding
basic life decisions.

- W. - control domestic domain. 2. frustration
- 2 - manip. of sexuality. - unpredictability!!
 - 2 - control of decisions.
 - 4 - relig. & spiritual. - bi. log., astrology.
