Aims: To enable students to gain experience of the study of theology and ministry in an overseas context while receiving Durham credit for their studies.

Content: This module requires the student to undertake a term of study at an institution which has been approved by the Common Awards Management Board for this purpose (including approval of a conversion scheme for marks from that institution to grades for the student's Durham award). The Management Board will also need to have approved the TEI's processes for ensuring that:

the particular programme the student will undertake, in conjunction with their study at their TEI, will enable them to fulfil and demonstrate fulfilment of the level 5 learning outcomes for the DipHE or BA in Theology, Ministry and Mission

the student will be appropriately supported before and during their time away

the student is not inappropriately charged full fees by their TEI if they are also paying a fee to the overseas institution

The student will engage in modules as provided by and agreed with the host institution. These modules will also be subject to the agreement of the sending TEI, and where necessary the student's sponsoring church.

Learning Outcomes: The exchange programme will consist of modules which in conjunction with their study at their TEI will enable the student to fulfil the level 5 learning outcomes for the BA or DipHE in Theology, Ministry and Mission. The TEI will need (for example by mapping learning outcomes from the modules to the BA or DipHE level 5 learning outcomes) to ensure that the modules taken at the host institution are relevant and appropriate in size, and that the student will be able to meet all level 5 learning outcomes for the BA or DipHE.

Modes of Teaching and Learning:	Teaching methods will be specified by the host institution.
Contact Hours:	Contact hours will be specified by the host institution.
