

Further Advanced Topic in Christian Doctrine (TMM43820)

Module Level: 7

Module Credit Value: 20

Pre-requisites: None

Co-requisites: None

Excluded Combination of Modules: None

Aims:

To enable students to undertake in-depth critical study of a major area of doctrine other than the area studied in 'Advanced Topic in Christian Doctrine', in relation to its biblical foundations, systematic connections, and historical and contemporary expressions.

This module is designed for those who have already taken TMM40920 Advanced Topic in Christian Doctrine.

To nurture students' ability to read, analyse and critically evaluate primary theological, historical and philosophical sources in a sophisticated and rigorous way.

To enable students develop sophisticated awareness of theological norms and methods.

To enable students to develop the theological resources to respond to contemporary issues and problems.

To enable students to integrate critical doctrinal thinking further into their own spiritual formation and ministerial development.

Content:

This module will explore one or more major areas of doctrine not covered in 'Advanced Topic in Christian Doctrine' (for example, doctrine of God, creation, Trinity, Christology, soteriology, pneumatology, anthropology, eschatology, ecclesiology, etc.), and will include:

- exploration of the doctrine's biblical foundations
- study of primary theological texts (in translation where not originally in English) and other sources (e.g. art, liturgy, hymnody or material evidence) related to the doctrine
- consideration of the doctrine's connection to the wider pattern of Christian doctrine
- attention to the relationships between this doctrine and contemporary Christian practice and experience.

Learning Outcomes: By the end of this module students will be able to:
