| 2501 | Christian Theology, Ritual and Pastoral Care     | 5 | 20 | Yes for Ordinands and Readers | This module will look theologically, liturgically and pastorally at different stages of the human life cycle: Christian rites of passage – baptisms, marriages and funerals - as a framework to investigate how pastoral needs change through life and may be addressed in part by rites of passage. The life stages of, for instance, birth, adulthood, parenthood, middle age, ageing and death will be investigated theologically, with opportunities for the student to reflect on their own experience and on ministerial practice. Scripture will be examined as a resource for reflection and practice. The module will encourage the student to build up skills and competences in providing informed pastoral care for people at different stages of the human life cycle and providing appropriate ritual which meets theological and pastoral needs.                                                                    | Seminars: 10 x 2.5 hours                                                                                                                                                               | Seminars: 25<br>Preparation: 175<br>Total: 200                                                      | <b>Component 1:</b> 50%<br>Essay (2500 words)<br><br><b>Component 2:</b> 50%<br>Resources for others and Written rationale / commentary (2500 words)                                        |

Supervision will be provided by a combination of on-site staff and relevant staff in Lindsafarne. Enhance skills in understanding and analysing context, and integrating theological enquiry with pastoral / ministerial / professional practice. Reflection on pastoral experience in peer group and through critical self-reflection. Consolidation of learning to draw upon the resources of Scripture and relevant Christian traditions in critical conversation with insights from other sources, including the social sciences.
