

User Guide: Finding us in the Play Store (Android)

To access the DREX app for an android tablet, click on the google play icon shown here and circled on the android apps screen.

After tapping on the app store logo you will be taken to the page (left). From here you can search for the DREX app using the search bar at the top of the screen. Simply tap the bar and type "drex" to search for the app.

This search should take you to the screen on the right. Tap the app to continue to the download screen.

To install the DREX app onto your device tap the “Install” button to begin the download.

Make sure you are sitting centrally before you begin
Tap anywhere to begin.

Description
What is DREX?
DREX is the Durham Reading and Exploration training. Through regular training and assessment this free app will teach you to compensate for your partial visual loss.
How does DREX work?
Training can be completed in your own home and at a time that suits you. You do not have to be supervised to complete this training. The app can be accessed by downloading it for free.

After the app has finished downloading click the “OPEN” button to start DREX.
