# GO Study Abroad

DURHAM UNIVERSITY

## How does this work?

For both exchange programmes: Non-European Exchange and European Exchange

All degree programmes allow students to apply for the Study Abroad programme (including combined/joint honours).

This is a pass/fail year and the grades do not affect the final degree classification.

The final degree programme will be BA/BSc XXXX with Year Abroad, and the student will receive a transcript from their host university.

## Fees & Funding

All exchange students only pay 15% of UG fee to Durham.

Students do not pay fees to host university – the exchange works on a reciprocal fee waiver basis.

Student finance should continue as normal. Students would receive maintenance loans as well as additional means-tested grants.

The University will bid to the UK Government Turing funding scheme to support Study Abroad Exchanges.

# Enhance Personal Abilities

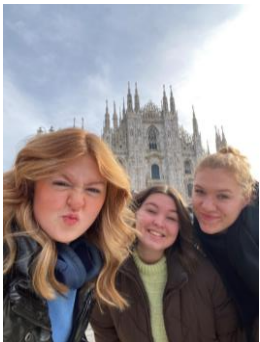

- Studying abroad will help you develop a **global mindset!**
- You will enhance your **communication, interpersonal, and language skills!**
- It's an opportunity to build your **adaptability** and **problem-solving** capabilities!
- Take advantage of **networking** opportunities by attending events at the host university!

# Study Abroad

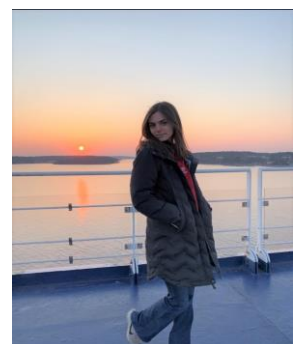

With Durham University Business School

"Study Abroad offers you so many surreal experiences you never thought you would get. I travelled to new places, met people from so many different countries and learned things I never thought I'd get the opportunity to.

It is an experience which will push you out of your comfort zone, but it is endlessly rewarding!"

Rosie MacDonald, Stockholm University, Study Abroad 21-22

# Frequently Asked Questions

## **Do I have to speak a foreign language?**

You do not have to speak a foreign language to Study Abroad, although we would strongly encourage you to learn the basics prior to going.

## **How many Institutions can I choose as part of my application, and will I be offered my first choice?**

We ask you to choose a maximum of three. It is not guaranteed that you will be offered your first University choice, as some Universities may be more competitive than others and places are limited.

## **What will I do about accommodation whilst abroad?**

Most of our Exchange Partners offer campus accommodation; however, students may be expected to source their own accommodation and be prepared to live off campus. All Partners are obliged to assist students with finding accommodation.

## **Do I have to apply for a degree 'with Study Abroad' before my studies commence at Durham University in order to be considered?**

No, there is no pressure to apply early, you can apply for a Study Abroad programme in Michaelmas term in Year 2 and if you are accepted, your programme code will be changed to 'with Study Abroad' before the end of Year 2.

## **Are there any academic requirements to apply to Study Abroad?**

You must achieve a minimum overall average of 55% in Year 1 and confidently expect to achieve the same standard in Year 2 of your studies, with no failed modules or re-sits pending.
