News articles or social media posts

Have you seen a story that inspired you to make a change?

Specific countries that interests you

Have a look at charities and NGOs which work there

Step by Step Guide to finding a project:

1. Figure out the area you want your project to be based in (which SDG, which general goal you want to help accomplish)
2. Make a list of NGOs/charities you want to reach out to
3. Email them or reach out to members of the organisation on platforms like LinkedIn
4. Engage with their social media
5. Wait for a response...
6. Don't be disheartened if you don't hear back or get a rejection
7. Keep trying until you find a partnership that will work for you
